## Objective/Intro

Hello, this is a simple latex resume template using the basic “article” document class. It uses packages, a4paper, and fancyhdr for headers to put your name and contact info

## Education

- Learned some really cool stuff.
- Got a really cool degree
- Learned even more cool stuff

## Work Experience

### Worked here at this date

- Did some really awesome stuff
- I was basically the CEO
- A few half truths to befuddle HR

### Worked here at this date

### Worked here at this date

- Did some really awesome stuff
- I was basically the CEO
- A few half truths to befuddle HR

## Skills learned / charity work

- Spent years helping the less fortunate, by donating my heart, and brain to science, my kidneys to children and my lungs to the elderly. Somehow I am still alive
- Effectively ended world hunger and poverty.
- Learned how to fly to space by volunteering at NASA.
